Cumberland County Post Offer Testing

The County of Cumberland requires drug testing and medical screening for all conditional offers of employment. Some positions additionally require a criminal background check. If, based on said screenings and test results, the hiree is found to be unqualified for employment with the County of Cumberland, this will be sufficient cause for termination of the offer and/or separation from the County's service if the hiree has already been employed.

The County of Cumberland is an equal employment opportunity employer. We are committed to recruit and hire qualified individuals without discrimination and regardless of race, creed, color, national origin, age, ancestry, nationality, marital or domestic partnership or civil union status, sex, pregnancy, breastfeeding, gender identity or expression, disability, liability for military service, affectional or sexual orientation, atypical cellular or blood trait and genetic information (including the refusal to submit to genetic testing), or any other legally protected class.
